Christmas Greetings,

I am continuing an old tradition of the Christmas holiday letter (Brag Rag as a friend once called it). I send the letter because so much has been happening in my life and friends seem to enjoy catching up on those activities. This year again I've been very busy and I feel very blessed.

Lindsay is a senior at Cadillac High School and is currently investigating colleges. After school she is active with Youth in Government, Mock Trial, Junior Rotarian, and the Youth Advisory Council for the Cadillac Foundation. Her spring soccer season for CHS was very successful with the team winning Districts and the first game of Regionals. Lindsay was named 1st Team All- Conference; All Regional and Honorable Mention All-State.

Nicholas spent most of 2021 at Fort Campbell serving in the US Army Airborne unit. He completed his service (4 ½ years) last week and then moved to Tampa where he hopes to work at a golf course until next fall. Nick is enrolling in flight school in Utah for helicopter pilots.

Joseph and Hannah are the proud parents of Ceci who arrived about a month early. Thankfully she is doing very well. They live in Sault Ste. Marie where Hannah is an RN for the Chippewa County Health Dept. Joseph is a paramedic for Kinross EMS and a volunteer firefighter for Bay Mills Twp. He is continuing his medical studies at LSSU for Pre-Med.

Mary joined me at Premier Realty. She helps me with the paperwork and the marketing and promotion. It's been great to have her assistance during this very busy year. We've enjoyed working together. She bought a SUP and enjoys paddling on Lake Cadillac. Mary and I spend our free time biking and walking the White Pine Trail. This summer we logged nearly 1,500 miles. We were able to take several short vacation trips during 2021. We really enjoyed a waterfalls trip through the UP (don't miss Bond Falls if you go). We also visited Kansas, Kentucky, Wisconsin and Nashville.

The Meier family wish you and your family a **Merry Christmas** and a **prosperous New Year**.
